

We are very glad to announce the 2nd Joint Workshop of IMPRESA project

“IMProving RESilience to Abiotic Stresses in durum wheat”

Biotechnology and Plant Improvement Laboratory

Centre of Biotechnology of Sfax, Sfax (Tunisia)

February 07 - 09, 2023

The event will bring together academic scientists, researchers, and students to share and discuss with a wider audience current and emerging challenge (environmental stresses, reduction of arable land and water resources) which increasingly affect crop security in Mediterranean countries

The full program and updates can be found on the project website:
